

Alumni of Year 2007

HHHS is proud to present the 2007 Alumnus of the Year award to Lori DeMartini. She has volunteered her time and tireless energy as a student and alumnus for over 60 years.

Many of you know her from the events she has run on behalf of the alumni association. Others may know her from the many events she has organized as a student at 3HS.

This year's recipient is Lorapearl De Martini, class of 1948.

As a student she served and volunteered on many different committees. When speaking to classmates she is referred to as "very popular, active, a good singer, dancer, senate treasurer, and the chairlady of many committees." She was also a founding member of the Sigma Theta Chi Sorority, which still meets to this day.

She was best known for her singing during school events and even during study halls! Her singing for friends and schoolmates continued even after graduation when she was commonly asked to sing at friends' weddings and other functions.

But her calling has always been organizing and helping others. From her various jobs at RCA and then Super Tire Engineering, she was always depended on by senior management to get the job done. She has always worked tirelessly behind the scenes and let others take the credit. An example can be seen in the below photo of Lori surrounded by fellow class officers.

Over the past 10 years she has given endless amount of time to the alumni association. She maintains all of the membership and financial records, responds to all correspondence, and handles all fiscal reporting with the state and federal government. In addition, she helps run all the special events and can always be seen with her money box at the golf outing.

The alumni association would not be here today if not for her. There is no alumnus of greater importance and no one who has had a greater impact than Lorapearl.

A great degree of thanks from every alumnus and future student is owed to this great lady.

Award presentation will take place during the first half of the Thanksgiving Day Game - Home at 11:00AM
